

Title of program:

Book Review

Branch Name:

Wytheville Branch

Was the program:

- In-person in a meeting room

Short overview of the program: Briefly describe the content, including the name and title of any speakers.

This is a membership active gathering. Each member is asked to bring a favorite book they have read, and share what it's about, and why they recommend it for others.

Please include any other information you deem important:

We have done this program for some time and find it inclusive and participatory. Any kind of book can be shared. Some are fiction, some are autobiographies or political. The interest generated is wonderful and conversations that take place help grow understanding of each other and build comradery among branch members as well as broaden horizons.
