

**Title of program:**

International Dinner

**Branch Name:**

Wytheville Branch

**Was the program:**

- In-person in a meeting room

**Short overview of the program: Briefly describe the content, including the name and title of any speakers.**

Every year as a culmination to our programs, we have our International Dinner. It is held where we can have a meal as well as hear our speaker's presentation. The focus is generally on a trip that a member has taken, has an educational bent - and a fun component.

**Please include any other information you deem important:**

We have learned that the educational component of this event is important but perhaps equally important, this event feels a bit like a celebration and capstone of a successful year as we wind down the Fiscal Year.
